Rotary Club Mortagne et le Perche

Club members are pictured on a recent City tour

At a recent meeting of the Mortagne au Perche Rotary, members heard a presentation regarding apprentice training in such area as transportation, logistics, mechanical engineering, electrical engineering, and others; the time needed to complete apprenticeships, and potential salaries students can earn. Members also met two inbound exchange students – one from Brazil and one from Taiwan. Two potential members were also introduced to the Club. Finally, reminders were given regarding a planned concert to benefit the Mano-a-Mano project, and members were encouraged to spread the word and to sell tickets.
