ROTARY AROUND THE WORLD—NETHERLANDS

Thousands of Rotary members celebrated the centennial of Rotary in the Netherlands in 2023 in typical Dutch fashion: with a bicycle tour, specifically a yearlong, 3,100-mile journey on an electric cargo bicycle. Cyclists taking turns in the relay-style tour visited most of the roughly 500 clubs in the country. Past RI President Holger Knaack, district governors, and about 1,000 other revelers were on hand for the start of the relay in January at Olympic Stadium in Amsterdam. At the end of the ride in December in the province of Zeeland, Rotarians planted trees for a food forest, a type of food cultivation based on woodland ecosystems. “With the electric bike and the forest, we made many people aware of Rotay’s environment area of focus,” says Madelon Schaap, of the Rotary Club of Amsterdam-Zuid, immediate past governor of District 1580. The project made Rotary visible to the public. Schaap adds that “connecting the clubs and unifying them is a great achievement that we did not expect at the beginning.”
